SUMMARY

A Full Stack web developer currently working as an SDE-I Frontend at Attentive.ai. I've developed a skill set in creating reusable components and optimizing React application performance. Additionally, I'm proficient in integrating APIs into React applications using Axios and Fetch and utilizing various React tools and libraries such as Redux, React Router, and MUI. As someone who is passionate about coding, I'm always seeking ways to improve my skills and apply them to real-world projects

PROFESSIONAL EXPERIENCE

SDE-I Frontend

Attentive.ai | Apr 2023 - Present

- Contributed to the development of Attentive.ai's OpenLayers-based frontend for outdoor services businesses.
- Collaborated with cross-functional teams to create user-friendly, industry-specific interfaces.

Instructional Associate

Masai | Apr 2022 - Feb 2023

Conducted live coding and DSA curriculum sessions on Zoom, managed a Slack community of 70+ students, and provided one-on-one pair programming sessions to boost problem-solving skills. Additionally, reviewed projects and delivered lectures to ensure student success.

EDUCATION

Amity University, Noida

Master of Computer Applications - MCA
Oct 2020 - Oct 2022

The Oxford College of Science, Bengaluru

Bachelor of Computer Applications - BCA
Jul 2017 – Oct 2020

SKILLS

Data Structures | JavaScript | Python | HTML | CSS | Bootstrap | Tailwind CSS | React | Redux.js | TypeScript | Next.js | MATERIAL-UI | Node.js | Express.js | REST APIs | MongoDB | Firebase | Jest | Cypress | Django | OpenLayers

CERTIFICATIONS

- Meta(Coursera)
  - Meta Front-End Developer Specialization (9 - course program)
- freeCodeCamp
  - JavaScript Algorithms and Data Structures
  - Front End Development Libraries
  - Responsive Web Design
  - Back End Development and APIs

PROJECTS

AI - Image Generator

Feb 2023

This is a web application that generates original, realistic images and art from a short text description and allows users to download, share, or save them in their collections. It uses OpenAI APIs to generate the images and various technologies for implementation.
