English | Hindi | Urdu

HASHMAT NOORANI

FULL STACK WEB DEVELOPER (MERN)

- A Skilled Full Stack Web Developer with 1-year experience in building single-page applications using the MERN Stack.
- Experienced in creating reusable components, optimizing React application performance, and integrating APIs into React applications using Axios and Fetch.
- Proficient in utilizing various React tools and libraries such as Redux, React Router, and Material UI.
- Passionate about coding and continuously improving skills to apply them to real-world projects.
- Seeking a challenging role in a product-based company to enhance technical knowledge further.

EXPERIENCE

Masai School - *1 yr 1 mo - Remote*

Masai is an outcome-driven career school whose mission is to skill India's untapped & underutilized talent and train them for some of the most in-demand jobs in the world.

- *Instructional Associate* | *Apr 2022 - Feb 2022 (11 mos) - Full-time*
  While working at the company, the primary responsibilities involved were:
  - taking live coding and DSA curriculum doubt sessions for students on Zoom.
  - handling over 70 students on Slack, resolving their technical queries and doubts.
  - taking one-on-one pair programming sessions with students to help them develop their problem-solving skills.
  - reviewing projects made by students and delivering lectures whenever required.
  - Overall, an active role was played in helping students understand and excel in the curriculum.

- *Student Guide* | *Feb 2022 - Mar 2022 (2 mos) - Part-time*
  - Student Guide in Masai works with 10 students on average and thus they have the bandwidth to connect with students for their smallest of queries.

PROJECTS

AI - Image Generator
Feb 2023

This is a web application that generates original, realistic images and art from a short text description and allows users to download, share, or save them in their collections. It uses OpenAI APIs to generate the images and various technologies for implementation.
